
For Executive Board Region 2

Thomas Frey

Executive Director

New York State Assessors' Association

Middletown, New York

I respectfully request your support of my candidacy for the Executive Board of the IAAO. I have had the opportunity to view the IAAO as an organization for over 26 years and have been getting more involved with the IAAO over the past number of years. There seems to be a real excitement within the organization and I would like to see if I could become part of this as a Board Member. Not only can I bring almost 30 years of assessing experience to the Board, but I also have over ten years of leadership experience with a not-for-profit state-wide assessors association. This experience includes, planning and running annual conferences, educational programs and membership fulfillment. I would like to use this experience to contribute to the improvements that are being made to the IAAO.

There are going to be some tough times ahead for our organization, as well as local governments all across this country due to the economy. We will have to make our services as cost effective as possible and understand there is going to be resistance from some of the governmental units about spending money on training and membership. I believe I can assist the IAAO in dealing with these concerns in the coming years. We will have to reach out not only to the assessing community, but also the elected leaders that hold the purse strings.

If elected, I will do my best to serve the membership to the best of my ability. I respectfully ask for your vote and support.
