## **For Executive Board Region 2**

Scott Winter, RES

Supervisor

City of Milwaukee

Milwaukee, Wisconsin

I respectfully request your support of my candidacy for the IAAO Executive Board.

I started my assessment career as a data collector for CLT, now Tyler-Technologies, after graduating from the University of Wisconsin-Milwaukee with a degree in Business Administration, with a Real Estate major. In 1989, I was hired by the City of Milwaukee Assessor's Office and promoted to management in 2003. I became a member of IAAO in 1991, and benefited greatly from the excellent IAAO educational courses, which taught me how to do the job properly. I also benefited from the scholarship program on my way to the RES designation.

I have had the privilege to serve on the IAAO Conference Content Committees for the Anchorage and Milwaukee conferences, and was the Chairman of the Content Committee for the 2008 NCRAAO Conference. Currently, I am on the IAAO Research Committee and an IAAO national instructor. I have presented at four IAAO conventions, an IAAO Webinar, and at many Wisconsin Assessor's events.

I hold a Certified General Appraiser License and have been a teacher of assessment and appraisal courses at a local college for the past three years. I developed a new Real Estate Appraiser Program for the school that meets the updated Appraisal Foundation criteria for licensing. Our Wisconsin chapter, WAAO, has awarded me the Publication Award in 2003, the Chairperson of the Year Award in 2006, and the Distinguished Research and Development Award in 2008. I currently serve on the WAAO Executive Board and am Chairman of the IAAO Designations Committee.

I am committed to excellence in IAAO education, developing research partnerships with universities, a solid Technical Assistance program, the Excellence in Assessment Administration Program, international relations, quality conferences, and the needs of our members. My experience at various levels gives me valuable insight on how to best serve this organization.
