- Full sponsorship recognition is based on advance payment and receipt of company logo.
- For all defined recognition, the last date to receive annual conference sponsorship materials is June 14, 2024. Meeting this deadline will ensure that sponsors are provided the defined recognition.
- Strategic year-round partnership program is on a calendar basis. IAAO will work to meet all defined benefits for applications received after the first quarter. Investment amounts will not be prorated.
- Timing preferences for any strategic year-round partnership benefit (i.e. thought leader webinar or article) will be on a first come / first served basis. Specific months cannot be guaranteed.
- Logo to be sent in JPEG, EPS, TIFF, or PDF format. A version of the logo with a transparent background is needed. Logo resolution of 300-600 dpi.
- Financial commitments and payments for conference sponsorships and year-round partnerships will become a component of booth selection (priority points) for the IAAO conference the following year.
- Companies selecting and funding exclusive, fully sponsored conference events will have right of first refusal for the same event at the following year's annual conference. IAAO agrees to notify business partners of date parameters for selecting events under first right of refusal.
- Should IAAO change conference sponsorship opportunities in the following year making an exclusive event no longer available, sponsors with a right of first refusal will retain a right of first offer on added events of equivalent value.
- From time to time, as conference and event locations change, IAAO may find it necessary or desirable to add sponsorships to address local market needs. Added sponsorships will not alter or otherwise change existing sponsorship levels of right of first refusal on fully sponsored events.
- All activities associated with the annual conference or other event, including signage, are subject to the approval of IAAO.
