GIS/CAMA tools focus of February 8th webinar

The IAAO February webinar is set for Wednesday, February 8th at Noon (Central) and [registration is now open](#).

The webinar will feature how Esri Canada's suite of tools allow assessors to view and modify CAMA data, build sketches, imagery, street-front photos and analytics simultaneously to produce more accurate assessments and optimize property tax revenues.

Presenters will be Michael Lomax, Esri Canada Director of Assessment, and Josh Ledgerwood, Esri Canada Account Manager, Assessment.

The Geographic-Assisted Mass Appraisal (GAMA) solution provides mobile access, 3D spatial analysis and advanced sketching capabilities for more equitable, efficient and precise valuations.

GIS/CAMA Webinar
February 8, 2017

Esri Canada provides Assessment Analyst, which allows Assessors to view and modify CAMA data, building sketches, imagery, street-front photos and analytics simultaneously to produce more accurate assessments and optimize property tax revenues. The Geographic-Assisted Mass Appraisal (GAMA) solution provides mobile access, 3D spatial analysis and advanced sketching capabilities for more equitable, efficient and precise valuations.

Presented by Josh Ledgerwood

IAAO WEBINAR SERIES

www.iaao.org/webinars

Attendees also may apply to receive two hours of continuing education credits.

IAAO WEBINAR SERIES

IAAO offers monthly educational webinars on topics of interest to industry members. Mark your calendar for [upcoming 2017 IAAO Webinars!](#)

March 15 - A free webinar - *Writing Press Releases for Your Assessing Office: When, Where, Why & How* - Write a press release, sharpen your skills, and learn how to strengthen your professional image.

April 19 - *Experts on Evidence* - Use of expert witnesses and evidence in tax appeals.

The cost to register for the 2017 webinars is \$45 per person for IAAO members and \$90 for non-members, except for the March webinar, which is complimentary.
